

1. Right click on your desktop to produce the following pop-up menu ...

## 2. Choose "New" and then "Shortcut" ...

The following window should appear .....

← Create Shortcut

What item would you like to create a shortcut for?

This wizard helps you to create shortcuts to local or network programs, files, folders, computers, or Internet addresses.

Type the location of the item:

Browse...

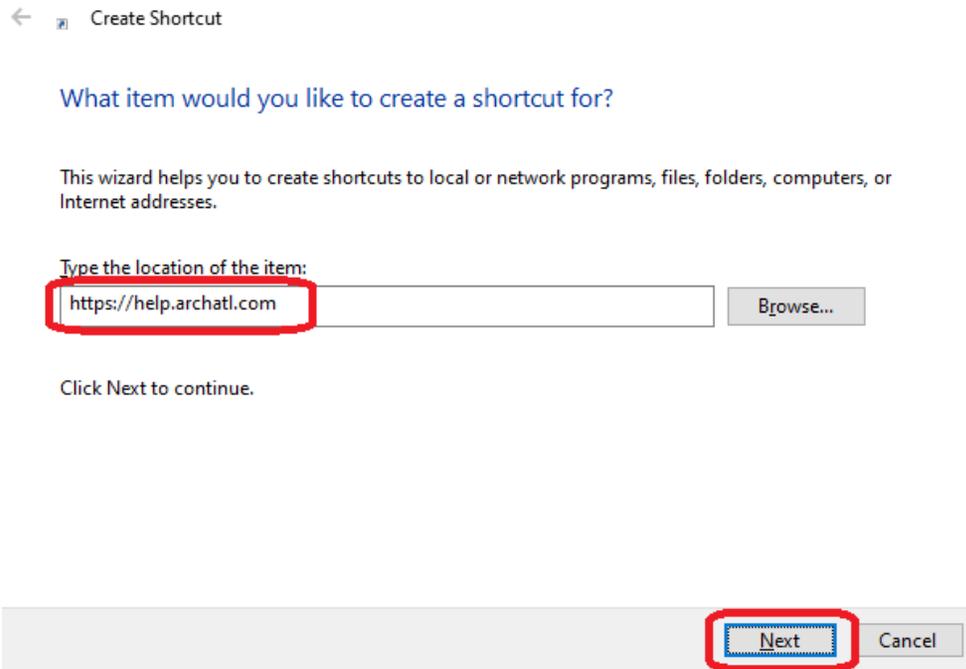

Click Next to continue.

Next

Cancel

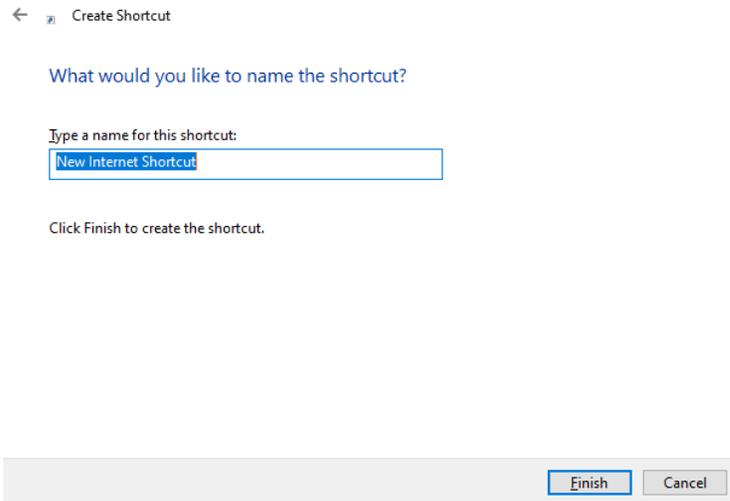

3. Type <https://help.archatl.com> on the 'location' line and then click "Next" ...

×

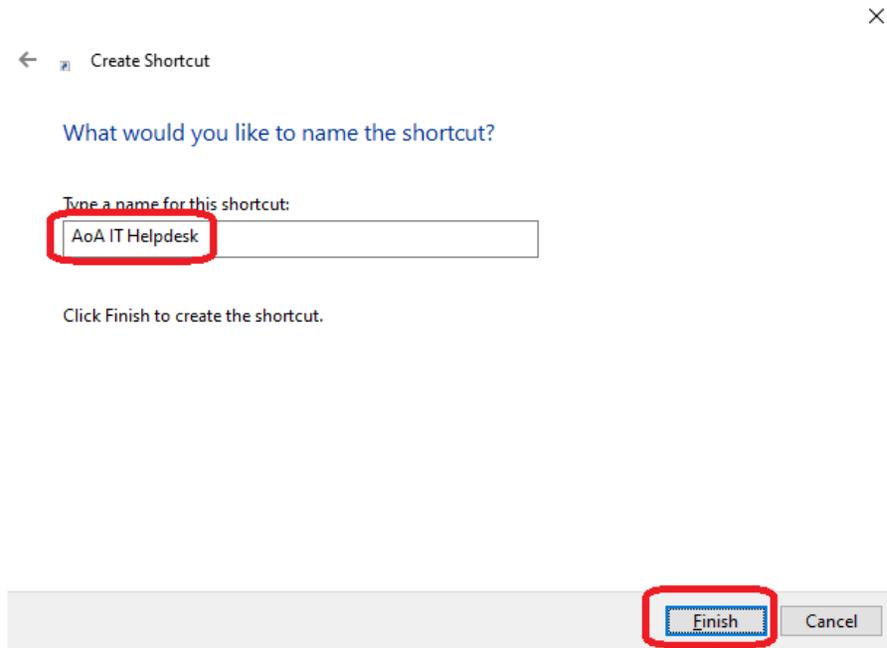

The next window will look like this ...

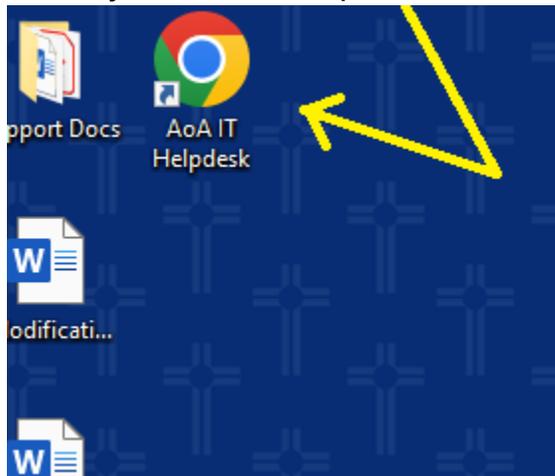

×

4. Replace the words "New Internet Shortcut" with "**AoA IT Helpdesk**" as shown below and then click **Finish** ...

5. You should now have a shortcut on your desktop called "AoA IT Helpdesk" that when clicked on, will take you directly to the IT Helpdesk ....

**Note:** Depending upon what browser is your default browser, the icon may look a little different. In this example, Chrome was the default browser on the system
