

Current Workstation Standards

When choosing a business PC, you should consider things like:

- **Processor:** An Intel i5 or i7 CPU, or an AMD Ryzen 5000 class CPU with at least 4 cores (8 threads) or more for multitasking
- **Memory:** 16 GB RAM or more
- **Storage:** 1 TB solid state (SSD) hard drive or larger
- **Monitor:** Minimum resolution of 1920x1080 and minimum size of 24 inches
- **Operating system:** Windows 10/11 Professional or MacOS
- **Network:** 10/100/1000 BASE-T Ethernet
- **Wireless:** 802.11 g/n dual band (2.4/5.0 GHz)
- **Peripherals:** Keyboard; Mouse; Web camera; Microphone; headphones and speakers
